

Camino's Youth Engagement Plan 2026-2027

Youth Capacity

Continuing to offer more volunteer, honoraria, and job opportunities for youth

Working alongside youth on large organizational projects like the GSA conference

Continuing to support youth led projects and program initiatives

Expanding the use of interactive feedback gathering methods in our programs & telling participants how we use their feedback

Working with staff to bring organizational projects to our C.R.E.W. program for youth input.

Youth Voice and Partnership

We want to make sure your voice and ideas are included in the work we do at Camino. Here are some of the ways we are continuing to centre youth voice!

Continuing to use local data sources (i.e. Youth Impact Survey) to align services with youth priorities

Remaining part of the **Youth Engagement Network!**

Community Collaboration

Working collaboratively with other organizations makes our work better! This year we are continuing to work with community partners to build best practices for working meaningfully with young people across the region.

Continuing to offer Youth Engagement training to other organizations. This training is in partnership with the **Children and Youth Planning Table**

Capacity Building

Building capacity means making sure there are opportunities for people to keep learning and practicing skills.

Expanding the scope of work to additional programs within Camino to support youth engagement initiatives

Adult Capacity

Completing our training resources to support meaningful youth engagement practices
